

In Room Electronic and Credit Card Hotel Safes

Worldwide's new hotel and residential electronic safe, with it's easy installation, maintenance, and management features has become a popular safe in the hospitality industry. Designed with the traveling guest in mind, the HR-916E HRC-916E will adequately secure laptop computers, cameras, jewelry, and other valuables, in the most user-friendly safe made.

Standard Features:

- Heavy-duty steel construction offers excellent burglary protection.
- Convenient motorized locking system, incorporating the latest technology.
- Easy to read, large LED display let's you know the status of the safe.
- 4 digit combination, standard hotel room configuration (customer sets new combination every time safe is used, quickly and easily.)
- Reliable ADA approved keypad.
- Electronic override can be set by security personnel.
- Runs on 4 AA batteries. If batteries should go dead, each safe has a by-pass power cable (9v battery required).
- Lock-out penalty if the combination is entered wrong, the safe will lock up for 15 minutes, frustrating the would-be burglar.
- Spacious interior fits most lap top computers.
- Two anchor holes with mounting hardware included.
- Attractive carpeted bottom hides anchor bolts.
- Electrostatic powder-coated finish in an attractive cream color.
- Guest instruction label included.
- Packaged for UPS shipment.

Options:

- Hand-held, interrogation device, offering optional audit trail (HRPROG).
- Convenient 12" high safe pedestal (HRPED).
