

Fire Commander Commercial Fire Safes

These large models of Fire Commander fire resistant safes are designed for commercial and residential application for bulky items. The loss of important documents can severely cripple a business. Surveys have shown that 47% of all businesses do not survive after a devastating fire and that these fires strike an average of every 4 minutes.

- Features:
- Class 350°F two hour fire rating.
- Convenient and easy to use push button electronic lock.
- Automatic relocking device triggered by forced entry attempt.
- Handle operated side, top and bottom locking mechanism incorporating four to six steel chromed locking bolts.
- Steel deadbolts prevent door removal if hinges are removed during a forced entry attempt.
- Ball bearing hinges for ease of operation.
- Locking bolt detent preventing damage to safe body and boltwork caused by accidental door closure with bolts extended.
- Double door model designed for bulk storage.
- Adjustable inner shelves and keyed drawers.
- Casters allow for ease of movement.

MODEL	INSIDE H X W X D	OUTSIDE H X W X D	WEIGHT	CUBIC FEET CAPACITY	SHELVES	DRAWERS
