

Wall Safes

Worldwide Wall safes are designed to provide hidden protection for documents and miscellaneous valuables. Each wall safe is also designed for easy installation between 16 o/c wall studs with pre-drilled anchor holes and a built-in flange eliminating unnecessary replastering.

Heavy-Duty WS1214 Features:

- 3/4" thick solid steel door, recessed for flush mounting.
- Heavy-duty "B" rate fully welded body construction.
- U.L. Group II combination lock with internal relock device (electronic lock optional)
- An additional spring loaded reloading device, activated by a punch attack.
- Locks and relocks protected by a large carburized hardplate.
- A handle activated locking mechanism consisting of five 3/4" diameter chrome steel locking bolts.
- One piece heavy-duty dead bar.
- One removable shelf.
- Extra deep interior.
- Attractive black finish with brass plated dial and gold emblem.

WS1014 Features:

- U.L. listed Group II key changeable lock, with relock and 1 million possible combinations
- Flat dial allows flush mounted installation.
- 3/16" thick solid steel door with dead bar.
- Continuous non-removable hinge.

When fire is a concern, there is no better wall safe than the WFS1310 or WES1310. WFS1310 Features:

- 1 hour JIS fire rating, insuring the inside temperature never exceeded 350.
- Extra deep interior, with a convenient pull-out tray.
- Three wheel changeable combination lock, plus separate key lock.
- To fight against pry-attacks, each safe is equipped with side locking boltwork mechanism incorporating a large 1 1/4" rectangular steel locking bolt.
- Two 1 1/4" rectangular steel deadbolts, preventing door removal during a forced entry attempt.
- Impressive 5/8" thick door with attractive two-tone Sage finish.

WES1310 (with Electronic Lock)

Features:

- Same outstanding features of the WFS1310 and comes equipped with an easy to operate electronic lock.
- Electronic lock offers high tech design with a 3 to 15 digit, easy change electronic keypad.

WES2113 Features:

- Offering excellent burglary protection with a heavy duty steel body, 1/4" solid steel door and flange.
- Extra spacious interior, while still offering the convenience of fitting between studs.
- Easy to use push button electronic lock offers solid protection with the accessibility of quick entry and easy-change combination.
- Standard key override, in case of lost combination.
- Dual live bolts ensure protection against pry attacks.
- Two removable shelves.
- Cream colored, durable powder coated finish.
- Packaged for UPS shipment.
